1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Burns on 9/20/04.

In the specification, on page 6, lines 25-26, change "mm torr" to --mtorr--, both occurrences.

In claim 3, lines 8-9, change "200m torr" to --1 torr in a first stage, and then in a second stage to about 10 mtorr--; and

in line 11 change "100mtorr" to --100 to 200 mtorr--.

2. The following is an examiner's statement of reasons for allowance: Applicants' amendments removed previous 112 issues and better defined process configuration and containment for the golf balls, while the above amendments finding support in original claim 4 & p.6-7 of the specification make the claims commensurate with applicants' arguments concerning the 2-stage oil free pump, plus remove inadvertent new matter problems.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marianne L. Padgett whose telephone number is (571) 272-1425. The examiner can normally be reached on M-F from about 8:30 am to 4:30 pm.
